NATURE'S CHEMISTRY

ASTRO TURF CLEANER

*Fast acting, natural bacterial laden liquid used
in degrading fats, oils, grease, uric acid & other
organics found on artificial grass.*

**WORKS DAYS
AFTER USE**

**NATURAL
PROBIOTICS**

**ODOUR
NEUTRALISER**

DISINFECTANT

ASTRO TURF CLEANER

Dual action disinfection, eliminates odours quickly by targeting & breaking down the source, such as urine and organics found in artificial grass.

Biodna Astro Turf Cleaner is an application-specific bacteria for effective, cost-saving cleaning solution for use on astroturf, synthetic lawns, indoor & outdoor sports fields.

Helps maintain the condition and appearance of artificial grass.

Biodna Astro Turf Cleaner contains millions of naturally occurring, beneficial bacteria, which is safe to use around children, pets and other wildlife. Also maintains the condition and appearance of artificial grass.

By creating specific strains for application-specific situations, our clients can rely on the Biodna range to provide a targeted cleaning performance which ultimately reduces long-term labour costs, while also ensuring greater protection for the surrounding environment.

BACTERIOLOGICAL EFFICACY*

Condition of soiling tested under dirty conditions

Sample	Dilution	Percentage kill of:			
		P.Aeruginosa	E.Coli	S.Aureaus	E.Hirae
Disinfectant SANS Test	1L: 10L	99.99	99.99	99.99	99.99
*When tested in accordance with SANS 51276 (En1276) dilutions of the product shall kill at least 99.99% of the organisms indicated.					

pH of formulation ranges 7.5 to 11

Pack Sizes : 500ml (ready to use), 5lt (dilute 10:1), 25lt (dilute 10:1)
